

# CHRISTCHURCH SAILING CLUB, SUMMER STORAGE 2010

## OUTBOARD ENGINES

Members are reminded that (a) this application is for summer storage only and (b) no fuel in cans may be stored in any Club buildings.

Members are strongly advised against leaving engines over the winter period. There is no frost protection & the building is not adequately secured.

The Club cannot accept any responsibility for the security of any dinghy, engine, equipment or other member's property stored on the Club premises. Storage is offered strictly on the understanding it is "solely at the owners own risk."

Make	Type	HP	Serial No
------	------	----	-----------

(This information is required solely for use in the identification of engines or, in the event of theft, to be able to quickly provide the Police with necessary details)

I enclose a CHEQUE FOR £12.00
