Notes: The Honorary Secretary, or another officer of the Club, interviews applicants for Junior Membership, at a mutually convenient time, at the clubhouse. During the interview he/she will not only seek to establish the extent of any previous experience but will also point out the obligations which Junior Members are expected to meet. Parents/guardians are asked to attend this informal meeting.

Boat storage spaces are extremely limited and although every effort is made to allocate a suitable space for a Junior Member's boat, storage cannot be guaranteed.

Liability: During all Club organised races, there is a high degree of supervision and safety provision. However, the Club cannot provide this support at any other times, parents and guardians must be aware of this.
